

Quiet and reliable output
in compact design

The engineer's choice

ebmpapst

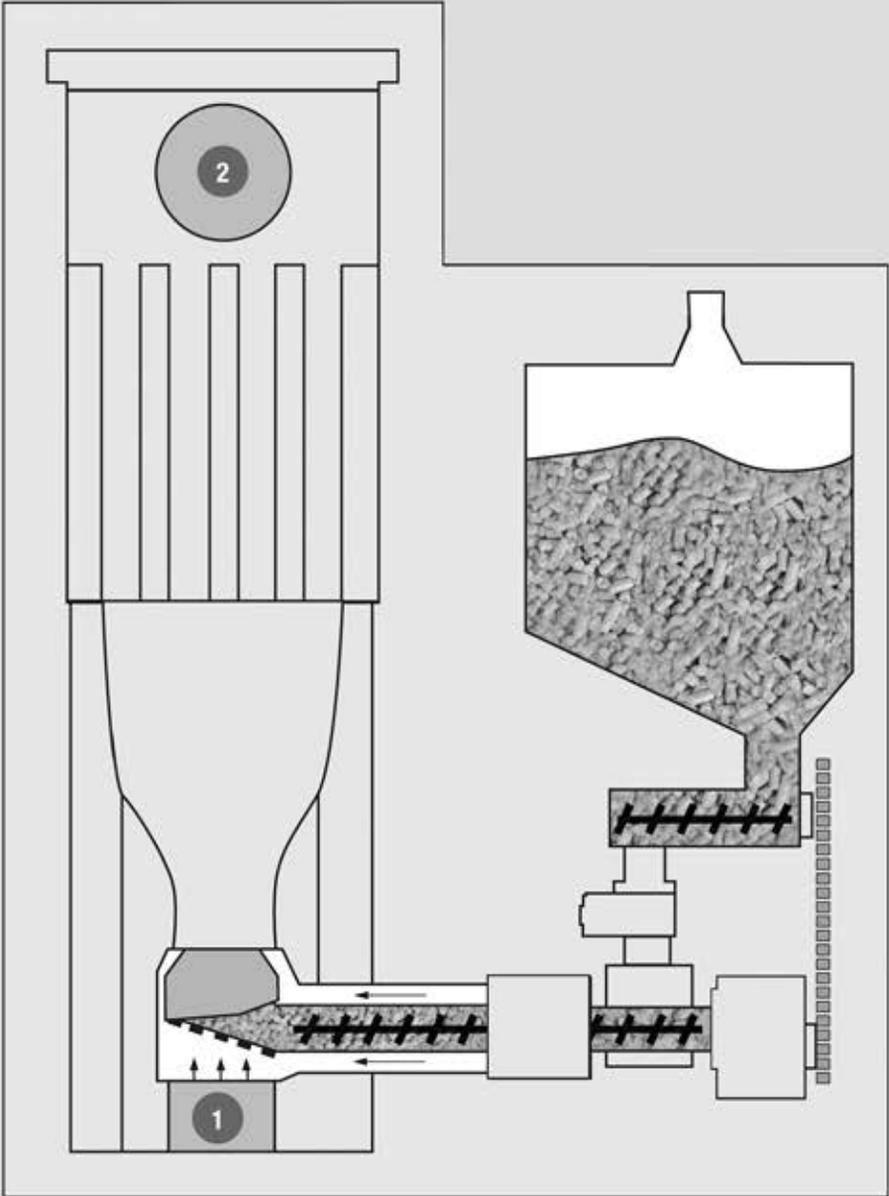

Solid fuel heater manufacturers can count on ebm-papst for complete solutions from a single source. Our product range for wood pellet heaters and wood chip ovens includes intake air fans and customized exhaust air fans for exhaust gas discharge.

Intake air blower

Exhaust air fans

AC centrifugal blower (fresh air)

single inlet, Ø 108

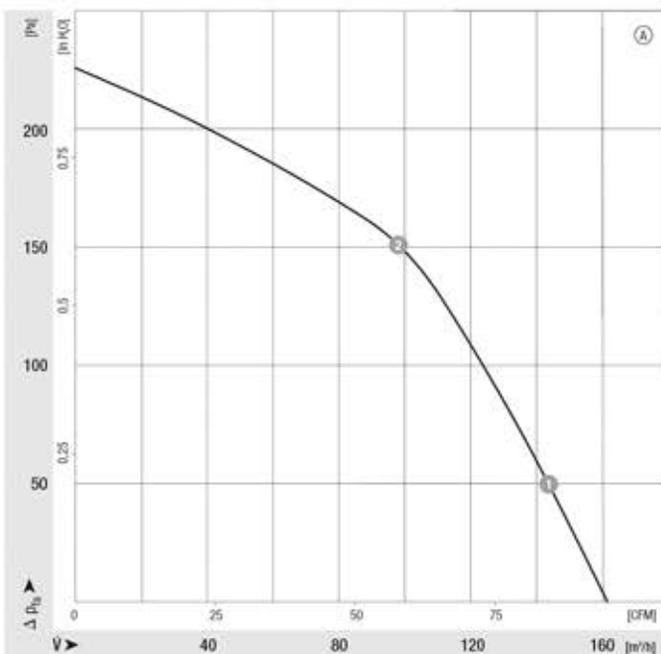

- **Material:** Housing: Die-cast aluminium
Impeller: Galvanised sheet steel
Rotor: Partially cast in aluminium
- **Direction of rotation:** Clockwise, seen on rotor
- **Type of protection:** IP 44
- **Insulation class:** "B"
- **Mounting position:** Any
- **Condensate discharges:** None
- **Mode of operation:** Continuous operation (S1)
- **Bearings:** Maintenance-free ball bearings

Neendaten

Curves

Air performance measured as per: ISO 5801, Installation category A, in ebm-papst scroll housing without protection against accidental contact

Suction-side noise levels: Lw, as per ISO 13347, Lp, measured at 1 m distance to fan axis

The acoustic values given are only valid under the measurement conditions listed and may vary depending on the installation situation.

With any deviation to the standard setup, the specific values have to be checked and re-viewed once installed or fitted!

For detailed information see page 42 ff.
